

Step Sockets

SSB Break Off Socket

- Works well with Wet Cast applications
- Excellent for vacuum testing

SP Socket

- Works well with Dry Cast applications
- Excellent for vacuum testing
- Use removable pin to hold in place

OR Socket

- Works well with flat or round wall structures – Wet or Dry Cast
- Mounts to wood or steel forms using threaded hole in closed end

All sockets work with:

- Flat or curved wall structures
- All round Bowco steps except SLR
